

96% Guaranteed Bird Control

Refund Conditions*

1. Refund must be requested within 60 days following the installation of the Bird Buffer.
2. All nests must be removed along with cleaning area. Bird Buffer does not get rid of nesting birds
3. Initialed Installation Plan must have been completed, approved, and followed.
4. Bird Buffer must be operated according to the instruction manual.
5. Rejex-It (fresh and dated) from GBS must be used in the machine, as using old or unsealed fluids will ruin the machine or not affect birds.
6. Overfilling the machine will void the warranty and guarantee if operated.
7. Damage to the Bird Buffer is not covered. Unit must be in good working order and operating properly.
8. Timer and cycle-timer must have been set according to directions.
9. Use of the proper heating device connected to the machine or added to the machine must be on continuously during temperatures below 55 degrees.
10. It is the customer's responsibility to provide validation that the Bird Buffer was not a solution for the bird problem and that they have adhered to all advice given by GBS.*

***GBS retains the right to suggest alternate positioning, timing, or solutions prior to refund of the Bird Buffer directly with the end customer.**
