

# BIRD|BUFFER<sup>®</sup> Q2

Invisible Protection...Visible Results<sup>®</sup>

Patent No. 7334745

## 96% Bird Control: Guaranteed

### NEW!

#### Impossible to overflow -

Easy, visual fluid level and drain for preventing overflow

### NEW!

#### Quiet -

Quiet blower and controller for much quieter operation

### NEW!

Higher and even dryer output; smaller particles of vapor haze

### NEW!

#### Insulated Compartment -

Keeps cold air away from warmed internal parts for best operation in cold weather

### NEW!

#### Continuous output -

New heavy-duty, high volume blower is constantly on during vapor-haze operation

Extension nozzle available. May be either square or round, depending on availability.

- Lockable fill hatch
- Filler cap
- Fill to here with one gallon
- NEW fill tank prevents overflowing
- NEW easy drain for easy shipping or changing old fluid
- Easy thumb screw to open fill area

Easy clean, washable filter. Just wash or replace with new filter

## HOW IT WORKS

Bird Buffer controls all flying birds in open spaces by dispersing a safe, invisible vapor called MA. This vapor (Rejex-it® Bird Repellent) irritates their eyes and mucous membranes without risk to their health. For the Bird Buffer to be effective, the birds must be exposed to the release of these particles by flying through the exposed areas. The fine aerosol (called vapor particles) releases at 60mph. After several returns, the birds learn the vapor is still in the area and find another permanent roost.

For bird control of grackles, pigeons, sparrows, herons, tumblers, cranes, doves, seagulls, geese, robins, woodpeckers, blackbirds, swallows, magpies, crows and all other flying birds

**Ask for the "Double Nozzle" system for heavy infestation areas.**

**24 Hour Timer with 15 minute adjustments**

Cover #820051  
Drip Pan #820034  
Absorbent Mat #820057

**Bird Buffer with outdoor cover**

**Rejex-it Fluid #840000-B**

Rejex-It® Fluid has an active ingredient called methyl anthranilate, or MA. MA is listed by the United States Food and Drug Administration as a flavoring compound.

**Windicator Haze #820011**

See air currents with short spurts or a continuous output. You can see the movement of air for best positioning of your Bird Buffer System.

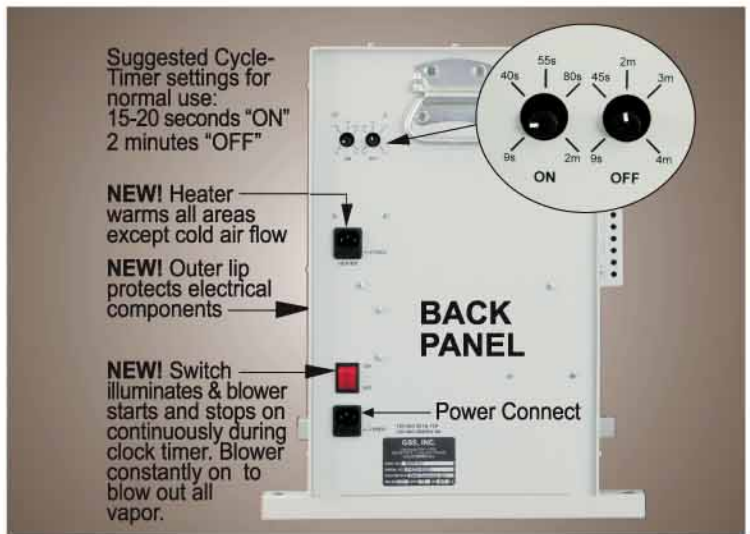

**Tubing and Fan Assembly:** #810020 ( 200' )  
#810030 (over 200')

*Tubing only suggested for some areas*

Bird Buffer®, LLC guarantees to the original purchaser that this product shall be free of defects in material and workmanship, under normal use, for a period of one year from the date of purchase. This warranty covers parts and labor providing the product is returned to GBS, Inc. in the original shipping carton and packaging. To review our complete warranty statement, go to [www.birdbuffer.com](http://www.birdbuffer.com) NOTE: There is a 90 day warranty on electrical.

toll free: 866-557-4274 • phone: 425-697-4274  
fax: 425-776-5129  
Manufactured by: Bird Buffer® LLC  
1420 80th St. SW, #D Everett, WA 98203 USA  
[www.birdbuffer.com](http://www.birdbuffer.com)

Suggested Cycle-Timer settings for normal use:  
15-20 seconds "ON"  
2 minutes "OFF"

**NEW!** Heater warms all areas except cold air flow

**NEW!** Outer lip protects electrical components

**NEW!** Switch illuminates & blower starts and stops on continuously during clock timer. Blower constantly on to blow out all vapor.

**BACK PANEL**

Power Connect

## Easy set-up, instant results

Simply select a stable, even surface, or hang in a suitably recommended location. Add Rejex-it fluid to Bird Buffer, plug in the 24 Hour Timer, plug it in and you're ready to go. Bird Buffer runs on standard 110VAC and draws 9-11 amps. (230VAC, 50Hz, 8A)

## Specifications

The Bird Buffer® developed and patented by Bird Buffer® LLC, Everett, WA USA  
P/N 800045 w/htr 120vac P/N 800046 w/htr 230vac

Type of Vapor	MA, Grape like odor, transparent
Weight	85 lbs / (38.6 kg)
Size	22.25" L x 11.75" W x 19.5" H; (Legs 15.75") (57 cm x 28.8 cm x 49.5 cm); (Legs 40 cm)
Cover Size	21" x 15.875" x 19"H (53.3 cm x 40.3 cm x 48.26 cm)
With Cover	110 lbs / (50 kg)
Nozzel Extension	20" / (50.8 cm)
Outlet Size	2" x 2"
Shipping Weight	91 lbs. (41.3 kgs.)
Shipping Box Size	25" x 25" x 25" (63.5 cm x 63.5 cm x 63.5 cm)
Fluid	*Rejex-It® Fluid
Fluid Consumption	1/2 oz. (30ml) per 1/2 hour or 1 qt. (0.95 liter) per 32 hours
w/timer 20s/2.5m/8h/dy	2 oz. (120 ml) per day
Output	60 MPH velocity
Warm Up Time	None; With heater 3 mins.
Operating Temperature	35°F - 104°F (10°C - 40°C)
Continuous Vapor	Continuous operation / Cycle-timer pulses on/off and 24 hr. timer
Cycle-Timer	Included: 20-30 secnds min. "On", 2 min. "Off"
24 hr. Timer	Included: "On" and "Off" settings
Fuse	5x20mm: 10A/250VAC time-lag P/N 704055 (for 110VAC units) 230VAC 4A/250VAC
Heater Fuse	5 x 20mm, 2A, 250VAC, P/N 704051
Electrical Supply	120VAC, 10amp, 60 Hz, 230VAC, 5amp, 50Hz
Electrical Supply w/Heater	120VAC, 2 amp fused connection
Accessories Available	+4 x hanging cables with snap hooks 38" long +24 hour timer 2 x on/off settings w/rain cover
